

20V Li-Ion Battery 2.0Ah

2.0Ah

The Triton T20B 2.0Ah lithium-ion battery provides ample runtimes to all products in the Triton T20 range. Featuring energy-efficient premium brand lithium-ion cells with very low self-discharge, the battery pack provides long-lasting performance and can be recharged at any time for maximum productivity and reduced downtime.

- 2.0Ah lithium-ion battery provides ample runtime for tools of the Triton T20 range
- No memory effect and extremely low self-discharge for maximum productivity and reduced downtime
- Samsung ICR 18650 cells and intelligent battery charging system
- Compatible with all products of the Triton T20 range
