

Saw Stabilising Bracket

ABA020

Triton Stabilising Bracket facilitates accuracy when using the Triton Workcentre. It minimises saw deflection when cutting under load, and saw slump when the saw is changed from the table saw to the crosscut mode or vice-versa. The bracket is fully adjustable for various cutting depths and angles.

- Supports saw motor to stabilise cutting action
- Minimises saw deflection when cutting under load
- Fits all Triton power saws & fully adjustable to fit most front pivot power saws
- Compatible with Triton TSA001, TA184CSL and TA235CSL saws and most front pivot power saws

Technical Specification

Product Height	250mm
Product Length	130mm
Product Width	130mm
Product Weight	0.52kg
What's in the box - 01	1 x Base bracket
What's in the box - 02	1 x Pivot mounting bracket
What's in the box - 03	1 x Slotted strap
What's in the box - 04	2 x Band clamps
What's in the box - 05	1 x Saw motor bracket

Compatible With

WCA 201

Workcentre System Series 2000

What's in the Box

- 1 x Base bracket
- 1 x Pivot mounting bracket
- 1 x Slotted strap
- 2 x Band clamps
- 1 x Saw motor bracket
