

Wood Chisel 19mm

TWC19 19mm

Boasting precision-ground, hardened Cr-V blades, Triton chisels strip away wood with ease, delivering a long-lasting, superior performance time and time again. The capabilities of the high-quality blades are augmented by large striking caps made from tough, nickel-plated steel. Able to weather repeated heavy blows, these caps channel power exactly where it's needed. This overall toughness is harmonised with an ergonomic handle design that uses thermoplastic rubber to create a soft but firm grip, minimising user fatigue. The commitment to quality in build and performance is matched by the attention paid to storage. A ballistic nylon pouch keeps the chisels safe and secure when they aren't required.
