

Single Mini Pocket-Hole Jig

TWSMPJ

Triton's TWSMPJ Single Mini Pocket-Hole Jig is a compact and highly compatible solution for creating strong joints in materials of minimum 12.7mm (1/2") thickness. Featuring a single, hardened steel drill guide, the TWSMPJ can be quickly clamped to the workpiece then used for a guided, accurate drilling result every time. Triton's pocket hole jigs are well-suited to production tasks: quicker to assemble, versatile, adaptable, repeatable, and easy to use.

Technical Specification

| | |
|----------------------------------------|---------------------|
| Product Height | 30mm |
| Product Length | 160mm |
| Product Width | 40mm |
