

710W Dowelling Jointer

TDJ600

Offering precise control of height, depth and angle of drilling, the TDJ600 Duo Dowel Jointer drills two holes at 32mm / 1-1/4" centres in a single action. Quick, accurate adjustment of material thickness is easy with the rack and pinion mechanism, whilst the clear, calibrated viewer enables precise set-up and execution. Ideal for forming strong, reliable, edge-to-edge and mitre corner joints, the Duo Dowel Jointer creates accurately spaced joints along the length of the workpiece. Anti-slip pads help prevent movement during the drilling process to ensure fast, reliable jointing.

- Solid, reliable construction for excellent handling and enduring performance
- Double drilling at 32mm centres for dowel joints
- Fully adjustable 0-90° fence accommodates all angles and applications
- Precise setting of drill depth
- Rack and pinion system for accurate height adjustment
- Includes 2 x 8mm / 3/8" dia drill bits & a heavy duty carry bag
