

1100W Surface Planer 152mm (6")

TSPL152

Preparing timber for woodworking projects can be time consuming, but with Triton's TSPL152 Surface Planer, prepping will be exponentially easier and will save time. Bows, cups and twists are no problem for the TSPL152, as they can be easily planed out of the workpiece, resulting in smooth, precise, square edges and faces ready for the thicknesser or for jointing. The required angle for jointing can be precisely achieved by guiding the workpiece against the tilting fence at angles from 45 - 135°. The dual-bladed cutting block achieves a precise 16,000 cuts per minute, which can plane timber up to 152mm (6") wide with a maximum depth of cut at 3.2mm in a single pass. A large infeed and outfeed table supports larger workpieces and the blade drum guard protects the operator from accidental kickback, while the dust port allows connection to an external dust extractor for a safer, cleaner work environment. Included with the TSPL152 Surface Planer is 2 x reversible blades, 2 x push blocks, push stick, blade drum guard, extruded aluminium fence, hex spanner and 2 x hex keys.

- Dual-bladed cutting block delivers 16,000 cuts per minute and smooth finish ready for jointing
- Easy and accurate depth of cut can be set to a maximum 3.2mm for one pass
- Adjustable blade drum guard protects the operator from kickback
- Offers a full 152mm cutting width
- Extruded aluminium fence guides workpieces at angles 45 - 135°
- Large infeed and outfeed tables provide support for longer workpieces
- Push stick and push blocks assist safe and controlled feeding of the workpiece
- Bench mounting holes allow secure fastening in workshop
- Dust extraction port promotes a cleaner, safer work environment when connected to an external dust extractor

Technical Specification

Product Height	315mm
Product Length	965mm
Product Width	505mm
Product Weight	25.4kg
Power	1100W
No Load Speed	8000rpm
Sound Pressure LP	94.3dB
Sound Power LW	107.3dB
Depth Adjustment	0 - 3.2mm
Drilling Depth	0 - 3.2mm
Dust Extraction	Yes

Guide	<p>Guide plate: "Material : aluminum. Color: silver Total Length Size: 101.7mm. The hole distance :102 (±0.05)mm. The hole inner Dia: 2--? 10(+0.15/+0.05) mm Width: 41.4±0.2mm.8.2(+0.1/0)</p>

What's in the Box

- 1 x TSPL152 1100W Surface Planer 152mm
- 2 x Handles
- 1 x Blade Guard
- 1 x Blade Guard Arm
- 2 x Push Blocks
- 1 x Push Stick
- 1 x Guide Fence
- 1 x Guide Fence Attachment Kit
- 1 x Hex Spanner
- 2 x Hex Keys
- 1 x Assembly Kit
- 1 x Instruction Manual

TSPL152 ...

mm Appearance is smooth, without burr, crack, scratch"
