

# SuperJaws XXL Portable Clamping System

## SJA100XL

SuperJaws XXL is a tough, portable workstation with a powerful 1000kg clamping force and controlled clamping pressure. Constructed from strong, powder-coated steel, SuperJaws XXL boasts a 1000mm clamping width and will securely clamp almost anything - from timber and bikes to doors and fence panels. Features include a lock/release switch for fast release of the workpiece, reversible jaws for extra-wide capacity and foot-operated clamping for hands-free operation. The greater load capacity of 250kg allows larger workpieces to be clamped.

- Robust, heavy duty all-steel construction
- Corrosion-resistant powder coating
- Foot-operated clamping with up 1000kg of clamping pressure
- Easy switch reversible jaw enables clamping capacity up to 1000mm
- Extra-wide tripod base and floor-mountable front pads for extra stability
- Heavy maximum load can clamp items up to 250kg
- Urethane jaw facings provide firm grip without damaging workpieces
- Engineers Jaws and Log Jaws are available as accessories

## Technical Specification

|  |                         |
|--|-------------------------|
| <b>Product Height</b>                  | 890mm                   |
| <b>Product Length</b>                  | 1005mm                  |
| <b>Product Width</b>                   | 960mm                   |
| <b>Product Weight</b>                  | 21.5kg                  |
| <b>Capacity - Maximum Load</b>         | 250kg                   |
| <b>Clamping Force</b>                  | 1000kg                  |
