

1400W / 2¼hp Dual Mode Plunge Router

MOF001

Developed from the multi-award winning TRA001, the MOF001 has won many prestigious awards around the globe since its release.

Quiet, easy to control and simple to adjust, this compact machine is ideal for those looking for a router equally suited for table-mounted and hand-held use.

The patented rack-and-pinion height adjustment system underpins the MOF001's other key features, including automatic spindle lock for single-spanner bit changes above the table, and the ever-popular built-in router lift.
