

Multi-Stand

MSA200

Triton's MSA200 Multi-Stand is a multi-purpose, adjustable support stand with a load capacity of up to 100kg, and the extra-wide tripod base provides excellent stability on level or uneven ground.

The stand features a 360° swivelling and tilting head with built-in clamp and low-friction slide surfaces. For convenient transportation and storage the MSA200 can fold down in seconds.

100KG / 220LB LOAD CAPACITY

Strong steel construction supports loads up to 100kg

VERSATILITY

360° swivel & tilt head with adjustable height supports a wide range of workpieces at multiple angles & heights

LOW-FRICTION SURFACES

Low-friction slide surfaces enable fast-setup of infeed, outfeed & side supports for table or mitre saws

TECHNICAL PERFORMANCE

Clamping Angle Range:	0 – 90°
