

T20 BRUSHLESS IMPACT DRIVER 20V

T20IDBL

The Triton T20IDBL Brushless Impact Driver features a compact, high-performance brushless motor and precision all-metal gearing for long life, even when used at high speed and torque.

Includes 2 x 2.0Ah batteries for continuous power, while one is in use the other is charging, minimising downtime on the job. 5Ah batteries available separately as part of the T20 range.

x2 2.0AH BATTERIES

INTELLIGENT TRIGGER FOR ACCURATE TORQUE DELIVERY

EFFICIENT, LONG-LASTING BRUSHLESS POWER

TECHNICAL PERFORMANCE

Maximum Torque:	180Nm
No Load Speed:	0-2200rpm
Drive:	1/4" (6.35mm) hex
Chuck Type:	Quick release
Charge Time:	55 minutes (2.0Ah)

180Nm max torque & 2200rpm no load speed for high-performance driving of screws, bolts & fasteners

Precision metal gearing for long life even when used at high speed & torque

Compact, high-performance brushless motor for class-leading performance

Quick-release 1/4" / 6.35mm hex bit holder for fast changing of screwdriver bits & adaptors

Intelligent trigger for controlled torque delivery

Vibration-reducing rubber over-moulded grip for secure handling & operator comfort

2 x 2.0Ah Lithium Ion batteries with high performance cells for continuous operation & less downtime on the job

* 5.0Ah Li-Ion Battery also available as part of the T20 range

Dimensions (L x W x H):	185 x 75 x 165mm
Weight	1.7kg

WHAT'S IN THE BOX

1 x T20IDBL T20 Brushless Impact Driver
2 x 2Ah Batteries
1 x Charger
1 x Instruction Manual
