

450W Palm Belt Sander 64mm

TCMBS

The Triton Palm Belt Sander is designed for on-the-spot convenience and the 64 x 90mm sanding area makes light work of most common sanding applications.

The efficient 450W motor produces ample power to ensure a high rate of stock removal across a broad range of materials, and the flush side allows sanding up to the edge of the workpiece.

FLUSH SANDING

Flush side allows sanding up to the edge of the workpiece

SMALL DIA FRONT ROLLER

Small diameter front roller for sanding in confined areas

TRACKING ADJUSTMENT

Belt tracking adjustment enables the sanding belt to be recentred

TECHNICAL PERFORMANCE

Power:	450W
No Load Speed:	340m/min
Belt Dimensions:	64 x 406mm
Sanding Area:	64 x 90mm
Edge Sanding Gap:	0mm

Flush side for sanding up to the edge of the workpiece

Lock-on switch can be locked 'on' to reduce user fatigue

Rubber over-moulded grip increases control and safety

Small diameter front roller allows sanding in confined areas

Belt tracking adjustment allows the sanding belt to be recentred

Dust extraction of 32mm inner dia. for a cleaner, safer working environment

Dimensions (L x W x H):	135 x 255 x 105mm
Weight	2.1kg

"The Sander's strong point is in its design, which means the belt is flush to the side, allowing sanding up to a wall"
