

1800W SLIDING DUAL COMPOUND MITRE SAW 254MM

TCMS254

Triton's TCMS254 Sliding Compound Mitre Saw features a powerful 1800W motor and a high performance 254mm 60TCT blade, which delivers clean and precise cross, compound, trench, bevel and mitre cuts.

The smooth sliding cutting head is mounted on dual bars that don't extend back, allowing setup closer to a wall. The double bevel enables accurate bevel cutting left and right, and the laser light has dual dials for true, calibrated precision.

HIGH CAPACITY CUTTING

Dual bar sliding system handles boards up to 318mm wide

ACCURATE CUTS AT ANY ANGLE

Preset mitre positions & mitre detent override with micro-adjuster lock allows accurate cuts at any angle to 50° L/R

LEFT & RIGHT BEVEL CUTTING

Double bevel for 0-47° left & 0-45° right angled cutting

TECHNICAL PERFORMANCE

| | |
|-------------------------|---|
| No Load Speed: | 3200rpm |
| Cuts: | Compound, 0-45° right bevel, 0-47° left bevel & 0-50° L/R mitre |
| Max Cross Cut Capacity: | 64 x 318mm |
| Max Cutting Depth: | 89mm |
| Blade Dimensions: | 254 x 30mm x 60TCT |

Dual bar sliding system glides blade smoothly into the cut

Adjustable laser guide with two-way calibration for accurate & precise cuts

High performance 60T blade for precision cuts at all angles

Double bevel, wide mitre range & dual slide bars for superior breadth of cut types on large workpieces

Sliding upper fence above regular fence to support larger workpieces

Mitre presets & detent override with micro-adjuster for convenient common angles & custom precision when needed

Sliding side supports with stops to stabilise longer workpieces

| | |
|-------------------------|-------------------|
| Dimensions (L x W x H): | 612 x 819 x 415mm |
| Weight | 20.9kg |
