

# SUPERJAWS<sup>XXL</sup>

## Portable Clamping System

### SJA100XL

The SuperJaws XXL is a tough, portable workstation featuring a powerful 1000kg max. clamping force with controlled clamping pressure. Constructed from strong, powder-coated steel, the SuperJaws XXL boasts a 1000mm max clamping width and will securely clamp almost anything - from timber and bikes to doors and fence panels.

Features include a lock/release switch for fast control of the workpiece, reversible jaws for extra-wide capacity and foot operated clamping for hands-free operation. The greater load capacity of 250kg allows larger workpieces to be clamped.

#### TOOL TRAY ACCESSORY

Use to keep tools handy or as an additional work support

#### LOG JAWS ACCESSORY

Corrosion-resistant teeth give a tenacious grip on timber logs for chainsaw work, drilling, sawing or rebating

#### ENGINEERS JAWS ACCESSORY

Bolt-on cast iron jaws & anvil face for heavy duty metal work
