

# 1200W Belt Sander 75mm

## TA1200BS

Triton's TA1200BS Belt Sander is host to many significant features, from variable speed control for improved versatility, to belt tracking adjustment for accurate alignment of the sanding belt. Fitted with a small diameter front roller ideal for sanding in awkward areas, the TA1200BS boasts a rubber over-moulded grip and removable bail handle for increased support, safety and control of the tool. A powerful, variable speed motor drives the sanding belt at between 200 and 450m/min, complemented by the lock on button which provides convenience and comfort during extended use. For a cleaner, safer working environment the TA1200BS is fitted with a side dust port that connects to the dust bag supplied with the machine, or can be connected to a dust extraction system.

- Powerful 1200W motor provides enough power for the toughest wood surfaces
- Variable speed control improves versatility when working with different materials
- Rubber over-moulded grip for control and safety
- Dust extraction to dust bag or extraction system
- Lock-on button for extended use
- Small diameter front roller allows sanding in confined areas
- Removable bail handle increases support and safety
